| Prompting Hierarchy for Total Task: <br> 1. Give initial SD <br> 2. Give student $3-5$ seconds to complete first and step independently, if successful, check off "IND" <br> 3. If student doesn't complete step, offer Gestural <br> 4. If no success, use Light Physical prompt <br> 5. If LP prompt is unsuccessful, complete action with Full Physical prompt <br> 6. Continue with each step until task is completed <br> 7. Present reinforcer at end of chain |  |  |  |  |  | Initial SD: <br> "Let's shred" |  |  |  |  |  |  |  |
